

This May Be The Best 4 Hours You Spend This Winter!

In just 4 hours ... you can snuggle up with a good book, bake some holiday treats, binge-watch Netflix ... or help change a life!

Water Street Mission seeks big hearts as Shelter Buddies for our Winter Weekend Day Shelter. As a Shelter Buddy you'll be investing yourself in the lives of our guests through the ministry of presence. Listen, chat, play games, watch a movie ... just be a presence there to keep our guests company and let them know they are valued and loved. Many of our former guests say that it was the genuine love and care that they experienced from staff and volunteers that broke through and helped them connect with God. Your choice to be a friendly, engaging presence for a few weekend hours could literally be part of someone's restoration story.

WHEN:

- Serve as little as 4 hours – or go all in and “adopt a weekend” with your friends or small group
- Play board games, drink coffee, do a craft, or watch a movie while interacting with our guests
- No special skills needed – just be a caring and friendly presence
- You will have an orientation and on-site access to a staff member
