ANNOUNCEMENTS FROM THE CLINIC

MEDICAL

Craziness! The world feels like it is swirling all around us these days; we can hardly catch our breath before something else stops us in our tracks. Now more than ever, we need to remind ourselves of where and in whom our trust lies. Without our foundation in Christ we can get caught up in the daily whirlwind – forgetting our anchor as we only pay attention to what we are seeing right in front of us. Jesus says to be still and see things from His perspective. When we do this, we remember and have assurance. GOD has called you to serve for His higher purpose, therefore don't let discouragement entice you into thinking your work isn't accomplishing anything because it is! It is because it's anchored in Christ and daily He is inviting us to share in His Kingdom work. What You Are Doing is Making a Difference!

COMING SOON – Health Services will be offering a refresher training on the use of NARCAN in the month of November. This will be open for all staff who are interested and mandatory for staff previously trained. More information to come!
