RESCUE MISSION

- Pray for the moms and kids at WSM who are still learning to navigate virtual learning and community living dynamics.
- Pray for the guests who have been at Water Street through the entire COVID season and have been restricted in so many ways, but are still holding strong.
- Pray for our guests to see God's undeniable love for each of them.
- Pray for the Light of Jesus to shine in the Darkness!
- Pray for good staff-guest interaction in spite of all the extra COVID barriers that make those connections more difficult.
- Praise for God's abundant provision for Water Street Mission.
- Pray for the love of Jesus to fill every heart.
- Praise for seeing God's hand every day!
- Praise and gratitude for the newly renovated and beautiful Culliton Park, located directly behind our Mission campus. We are so very grateful for the opportunity to offer Water Street families the opportunity to safely visit the Park during designated times each week. The joy that we see in our children and moms during these Park visits heals our souls.
- Pray for those experiencing homelessness and are unwilling to come to Water Street to encounter Jesus and be moved to come.
- Pray for our nation to rise above our differences and live in hope and trust of our Lord as one country.
- Pray for the kids at Water Street who can't get out to play as much during this COVID season, who have lots of energy, and little understanding of what's going on and why.

TEEN HAVEN

- Pray God blesses our new young adult initiative.
- Pray for Lancaster city teens who are struggling to feel motivated throughout online learning. Pray for staff as they continue to creatively find new ways to help students engage with their classes even from a distance.

HEALTH SERVICES

- Pray for staff at Water Street Health Services who are struggling with their health.
- Pray for our dental clinic and our patients and for God to provide a fulltime dentist with a heart to serve our patients.

STAFF

- Pray for a staff member to have reduced pain so they can delay knee surgery until COVID cases have lessened.
- Pray for a staff member's family who lost a brother-in-law from COVID.
- Pray for the continued health of staff and guests from the pandemic.
- Pray for a staff member to experience complete healing in her body.
- Pray for our Case Management Team as they are in transition and short staffed. Pray for covering, strength and peace.
- Pray God would bring us the right candidates for our open positions.
- Pray for perseverance for our staff during this COVID season.
- Pray for a staff member's husband who was diagnosed with depression to have healing and men to come alongside and support him.
- Pray for a staff member's daughter who is suffering from recent seizures and is being evaluated and seeing specialists this month. Pray for an accurate diagnosis and treatment, ultimately leading to complete healing.
- Pray for our advancement team to be refreshed this year as we've put in a lot of effort for pivots on events and serving donors well.
- Pray for connection, grace, and building relationships among staff.
- Pray for a staff member to finally get to buy a house for his family this year.
- Praise for God answering prayers to help one of our staff members receive a critical doctor's appointment in three weeks, when her original wait time was 6 months.
- Pray for staff member's family to come to know Jesus in a personal way.
- Pray for a safe and speedy healing for staff who have had or currently have COVID. Pray for the rest of the staff to stay COVID-free so we can adequately serve our guests.
- Pray for leadership team as they continue to navigate leading during COVID, and for the Lord to continue to give them wisdom, grace and peace.
- Pray for healing of a staff member's vertigo and anxiety.
- Pray for people experiencing a season of "firsts" following the heavenly assent of a loved one.
- Pray for staff to continue to conduct our work in the spirit of joy, and to encourage each other towards excellence for His glory.
- Pray for a staff member's family friend who collapsed and was in a coma.
