ANNOUNCEMENTS FROM THE CLINIC

MEDICAL

Vaccines matter to all - While scientists race towards trying to find a cure and vaccine for COVID-19, the Center for Disease Control (CDC) is **reminding everyone to make sure that their vaccines for other communicable diseases are up to date.** Vaccines are a central way that society, works together to control the spread of these awful diseases.

December is National Drunk and Drugged Driving Awareness Month - It's likely that there will be less cars on the road this year during the holidays, but there is never a bad time to remember that drunk and drugged driving are killers and can cause serious injury and death. Spread the word this and every month that safety on the road matters to all.

We Wish You a Merry Christmas

English carol

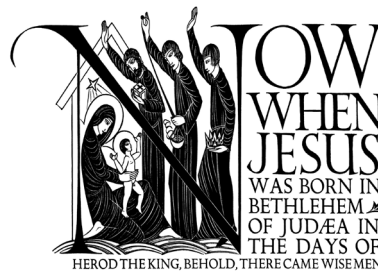

2. Now bring us some figgy pudding (repeat 3 times)
And bring some out here.

3. We won't go until we get some, (repeat 3 times)
so bring it right here.
