

Water Street Mission (WSM) Job Description Partner Ambassador (Major Gift Officer)

Job Summary: As a part of the Development team at Water Street, Partner Relations is responsible for advancing the mission of Water Street Mission through our Major Donor program.

The Partner Relations team advances Water Street's purpose by building joyful partnerships at the intersection of Water Street's greatest needs and our partner's philanthropic priorities. We use a moves management process to deepen relationship and invite partnership. Partnership opportunities are drawn from a portfolio of financial needs established by the Leadership Team; these opportunities include the annual fund, strategic funding priorities, EITC, and event sponsorship opportunities. In select circumstances, we may discuss gifts-in-kind or volunteering on campus. The team also serves our donors and the Mission by informing about and providing opportunities for Planned Giving.

The collaborative culture of our team emphasizes helping each other develop and execute personalized engagement strategies, learning together how to best serve donors and tell the Water Street story. While meeting financial goals is important, we prioritize doing the right behaviors as often as possible over simply closing gifts. Team performance is more important than individual performance. This team also works closely with marketing to execute select fund raising events that will draw specific audiences into closer partnership with WSM.

In this position She/He will be responsible for the relational cultivation with, and part of the overall communication strategy for, our major donors (in some cases emerging) with an eye toward increased annual and project giving as well as general donor retention. This position will also serve the rest of the team as a Planned Giving Specialist who will develop strategies for growing our Planned Giving footprint. They will also be the first contact for follow up for those that are interested in a Planned Giving opportunity.
